- Custom designs and colors are also available.
- Top with aluminum stainless steel or butcher block counter tops.
- Lightweight Aluminum Drawer Cabinets.

*Pat. Pending

Drawer Unit #402432DUTK Shown

Thumb lock and positive drawer latch mechanism keeps all drawers closed and allows locking with one key.

Extra rigid integrated frames are high quality aluminum with double reinforced corners.

Handles and front frames are clear anodized premium aluminum for good looks and durability.

4" Toe Kick Riser™

- Recessed 2" from front of cabinet for easy floor cleaning and comfortable foot space when standing in front of cabinets.
- Allows for adjustment between riser and base to compensate for uneven floors.
